FROM THE bethel town office

Based on the total town valuation of \$32,145,400 and net appropriations totaling \$673,813.93, the 1982 tax rate was set at \$21.50 per \$1,000 of valuation. The 1982 rate is 50 cents higher than 1981. This small increase, lower than recent cost of living increases, resulted from higher costs and interest rates. Gross appropriations totaling \$896,120.96 included County Tax, \$35,578 (\$2,067 increase from 1981); Municipal appropriations, \$428,781.34 (\$847 decrease from 1981); School Appropriations, \$431,761.62 (\$2,133.13 increase from 1981); and Overlay, \$17,312.17 (\$12,135.24 last year). Other income totaling \$222,307.03 is derived from the following sources: State Municipal Revenue Sharing, \$42,685.94; School and Ministerial Funds, \$306.29; General Revenue Sharing, \$58,000; Surplus, \$115,000; and Business Inventory Reimbursement, \$6,314.80. The gross appropriation of \$896,120.96 less the other income of \$222,307.03 provided the net appropriation of \$673,813.93.

Bethel Assessor Bob Stevens successfully completed the second year real property assessor program at Bowdoin College. This is part of a rigorous five year program sponsored by the Maine Bureau of Taxation.

BREAK DISCOVERED AT WOODSTOCK TOWN GARAGE

Nearly \$600 worth of tools, gasoline, a radio and cash were taken in a break at the Woodstock Town Garage in Bryant Pond late Monday or early Tuesday.

Road Commissioner Ken Koskela discovered the loss when he arrived for work at 6:30 a.m. Tuesday, according to Sgt. Jim Mielon of the Oxford County Sheriff's Department. Reported missing were four complete socket sets, two of them owned by Mr. Koskela, a new CB radio belonging to the Road Commissioner, 10 gallons of gasoline, gas cans and \$40 in cash.

Sgt. Mielon said entry was gained by making a hole through a rear wall, and that the investigation was continuing. The break is the second to occur at the garage in recent months.

Highway Department will round off the stump corner and install curbing and a sidewalk ramp for the increased safety of motorists and pedestrians.

B. W. D. IMPROVEMENT CONSTRUCTION TO BEGIN

On Monday, Aug. 16, the Bethel Water District expects to begin replacing the small water main on Tyler Street with an eight-inch service main. The amount of main involved is approximately 1,000 feet.

The general contractor for this project is Longchamp and Son, Inc., of Lewiston, who submitted a low bid of \$18,322.02. Five bids were received for the construction contract. E. J. Prescott Co. of Gardiner submitted the lowest bid for providing materials; it was for \$5,900. Approximately one half of the water main will be supplied by the Bethel Water District from stock in inventory.

According to a water district spokesman, the replacement of the undersized water main on Tyler Street is expected to produce major improvements in water flow between Vernon Street and Chapman Street, reduce the potential for winter freezing and significantly improve the water pressure available for firefighting purposes in this section of the village. The spokesman also noted that installing this service has been a first priority project for the District since it was formed in 1968 and has been recommended by a number of consulting engineers as the District's highest requirement for renovation of its water distribution system.

ANNOUNCING COMMITTEE FOR LAW ENFORCEMENT CONFERENCE MET JULY 28

The planning committee for the Law Enforcement and Public Safety Conference on Wednesday, July 28, at the dining room of the Moses Mason House in Bethel, S.A.D. 44 Adult Community Education Director Cathy Newell chaired the meeting and reported on progress regarding the conference, which will be held on Saturday, Oct. 16, at the Regional High School in Bethel. Oxford County District Attorney Janet Mills attended the meeting, as did Edward McClure of the U. S. Department of Justice in Boston. Program committee members George Emmerton of the Oxford County Sheriff's Department, and Barbara D. Brown and a Hostessman of the Bethel County Committee presented reports on the speakers and presenters who have accepted invitations to attend the conference.

The Oxford County Conference on Law Enforcement and Public Safety will be a day-long event which will allow area educators, law enforcement personnel, and municipal officials, as well as interested members of the public to meet and discuss law enforcement and safety issues, as well as hear presentations by invited speakers. Keynote speeches will be given by Martin Walsh, Regional Director for the Department of Justice in New England, and Richard Cohen, U. S. Attorney for Maine. A variety of concurrent sessions will be presented during the time periods, allowing participants in the conferences the opportunity to select topics of interest. Some of the sessions will be devoted to such topics as courts and sentencing, community impact law enforcement, hazardous waste, law enforcement education, adult rights, drug and alcohol abuse, domestic violence and child use, hate activities, multi-cultural awareness, personal protection, judgments and small business and time. Among the presenters will be Janet Mills, Oxford County District Attorney, Tom Lenkiewicz, the Maine Civil Liberties Union, members of the staff of Tri-Count Mental Health, Janice Isley of the Department of Educational and Mutual Services.

The Conference has resulted from a series of planning meetings, coordinated by the S.A.D. 44 Adult and Community Education program with the cooperation of the Oxford County Sheriff's Department, at which issues of concern were identified. Subcommittees on Program and Speakers and facilities have been working throughout the spring and summer, and a Publicity and Outreach committee has been formed to begin activities in September. Anyone who would like further information regarding the conference may contact the Adult and Community Education office at the Oxford Regional High School, 24-2136.

NEW LOCKE MILLS PASTOR—

Rev. Michael Caldwell, originally from New Town, Pa., is the new minister at the Locke Mills Union Church. Although student minister for three years at the Warwick, Mass., Congregational Church, this is his first pastorate. Rev. Caldwell received his undergraduate degree at Dartmouth, and his theological training at Andover Newton Theological Seminary. Between the two college programs, Michael worked for both the State of Vermont in St. Johnsbury and the Vermont State Law Library.

Rev. Caldwell is looking forward to settling in the western mountains of Maine. He is presently living with Stephen Seames in Locke Mills while the church is working on a parsonage fund. A house was donated to the church for a parsonage by the estate of Mrs. Cora Bennett. The church is looking for land to put the parsonage on, making it a permanent part of the community. Rev. Caldwell is looking forward to serving a small, rural church. He feels that the relationship between a small church and a small community can offer a better quality of life for both groups.

SEN. WILLIAM COHEN From Washington

Energy in Maine - A Mixed Outlook

This week, I want to take a moment to discuss two developments in Maine's energy situation.

As the winter of 1983 looms closer, Maine's energy outlook appears to warrant both relief and concern. The positive news is that the majority of Maine's 300,000 households have significantly cut their consumption of gasoline.

Despite the fact that Maine is primarily rural and relies heavily upon gasoline for transportation of its residents and for its farming, fishing, tourist and other industries, our state is one of the country's leaders in reducing its consumption of gasoline since 1978.

According to a recent report, Maine is one of 10 states - and the only New England state - to have

cut its use of gasoline by more than 15% in that period.

Mainers should feel proud of this major conservation effort over the past three years. Since our gasoline needs have not lessened - and our population has even grown slightly - it means that we are driving less; using smaller, more economical cars; and observing the 55 mile-per-hour speed limit more judiciously, perhaps, than residents of many other states.

While this part of the energy outlook has brightened, another area is prompting some concern as we prepare for the cold months. As of the beginning of the summer, inventories of home heating oil were about two-thirds lower than they were a year ago. If stocks are not restored to adequate levels, we may experience not only higher prices, but a possible oil supply shortage for the coming heating season.

Because of this situation's potential on the more than 2 million residential and 435,000 commercial and industrial heating oil consumers in New England, I recently joined fellow New England Senators in calling for a review and periodic analysis of our oil stocks by the Department of Energy.

The Senate has recently passed legislation that would establish a national oil emergency plan and a faster fill rate for our Strategic Petroleum Reserve, which is the country's only insurance in the event of an oil supply disruption. I

LAKESIDE VESPER AT BRYANT POND

"Peace begins with positive thinking" is the theme of a lakeside service at Bryant Pond Unitarian-Universalist Church. Specific consideration will be given the thoughts of Satish Kumar, a Jain monk from India, who cofounded with E. F. Schumacher, "Resurgence," a journal for peaceful living. During the service and ensuing discussion, dynamics of inner and world peace will be explored.

The time is 7 p.m., Sunday, Aug. 15. In the event of rain, worship will be inside the church. Non church members are invited to participate.

SMITH REUNION HELD AUGUST 8 IN BETHEL

The descendants of Henrietta and Jerome Smith held their first family reunion Sunday, Aug. 8, at the American Legion Hall in Bethel. Attending were 143 from several different states and many areas of Maine, the eldest being 82 years and the youngest, two months. The reunion was planned and hosted by the Jason Smith family, and it is hoped to become an annual event. In August of 1983, the Smiths will gather at Union Hill in Stow at the old homestead.

TELSTAR FIELD HOCKEY REBELS BEGIN PRACTICE

All field hockey candidates in grades 9-12 at Telstar will meet for their first practice session, Monday, Aug. 16, at 5:30. The workout session will begin at Telstar Regional High School following the checking in of sticks and balls issued for the summer.

Each potential hockey player should be in top physical condition as the season begins. Individuals should be planning with the Health Center or family physicians for their physicals.

supported this proposal and feel strongly that we should prepare ourselves before an emergency arises. We cannot afford to repeat the mistakes we made in failing to anticipate the 1973 Arab oil embargo and the 1979 Iranian shortage.

The bill also calls for a study of the costs of establishing regional reserves of oil supplies, which would greatly reduce the time needed for shipping and refining oil during an emergency. It is estimated that it could take as long as 45 days for oil to reach New England from its present storage locations in Texas and Louisiana. The concept of using facilities in New England to store enough oil to meet our needs is certainly worthy of serious review by the Administration.

While I do not feel that we are in immediate danger of an oil supply shortage this winter, we should not ignore that possibility. I will work for legislative remedies which will help ensure that we are prepared for the worst.

ADULT COLLEGE DAY AT UMF, SUNDAY, AUG. 15

The University of Maine at Farmington is hosting a College Day for adults in western Maine on Sunday, Aug. 15. The program will be from 1-5 p.m., and a variety of activities are planned. The afternoon activities will begin at 1 p.m. at the UMF Student Center lobby with registration of adults and a free Day Care program for youngsters.

FARNUM - BUCK REUNION

The annual reunion of the descendants of Nathaniel Jackson Farnum and Bathsheba Buck was held July 31 at the home of Richard Farnum at South Paris. The meeting was preceded by a delicious dinner of baked beans, casseroles, salads, rolls and brown bread, beverages and assorted pastries served by the dinner committee, Eva Poland and Emma Lowe and assisted by the hostesses Dorothy Farnum and Flora Lessard.

The meeting was conducted by the vice president, Albert Farnum. Officers elected for the next year are: President, Gregory Edwards; Vice President, Albert Farnum; secretary, Bernice Baster; treasurer, Emma Lowe; dinner committee, Dorothy Farnum and Bertha McIntyre; entertainment, Frank Knox, Emma Lowe, Stephen Sessions and Dennis Farnum; historians to work on the family tree, Marilla Easter, Stephen Sessions and Ernest Easter.

Next year will be the 80th reunion and will be held in Woodstock at the cottage of Ronald and Bernice Easter at Concord Pond on the third Saturday in July. Family members are asked to bring any old family pictures and old reunion pictures.

NEWS FROM ADULT AND COMMUNITY EDUCATION —M.S.A.D. #44

The S.A.D. 44 Adult and Community Education program will begin the fall term in mid-September with an array of courses and programs ranging from adult literacy and adult high school diploma to vocational and general enrichment. Director Cathy Newell is at work arranging the fall schedule which will be mailed out via bulk mail during early September. Registration for fall classes may be done by phone, mail or in person at the Adult and Community Education Office at Telstar Regional High School after the schedule has been released. Classes will start in late September and at other dates throughout the fall.

Anyone who has a suggestion for a class or program, or who would like to teach a class, should contact Mrs. Newell as soon as possible at 824-2136. Classes range in length from a single session to 10 or twelve weeks, and are held at both day and evening hours, at the schools throughout the district and at community locations.

The S.A.D. 44 Adult and Community Education program has an advisory council made up of members from all the District towns. There are openings for new members, and this is an excellent way for those with an interest in community education to work with others to develop programs. Council members meet every other month to suggest new programs, and to evaluate continuing programs. They have the opportunity to attend state-wide conferences and meetings, and to assist in many of the "behind-the-scenes" operations of the Adult and Community Education program, from the Learning Fair to publishing the brochure. Anyone who would like to volunteer should contact the Adult and Community Education office.

NORTHERN LIGHTS SINGERS SPONSORED MUSICAL SUPPER

A tasty supper, some delightful entertainment and an overflow crowd made the "Musical Supper" sponsored by the Northern Lights Singers on Wednesday, Aug. 4, at the Jackson-Silver American Legion Post #81 in Locke Mills, a resounding success.

As the supper-goers lined up for the country kitchen specialties, the famous "Singing Waiters" including Bill Goss, Arnie Jordan, Stan Martin, Jack Roberts, Ray Swan and led by accordion playing Bill Riley were introduced by Master of Ceremonies, Eldon Bartlett. The group, who make up the tenor and bass sections of the Northern Lights then pleased the audience with two parodies, "When the Waiters Come Marching In" and "Hi Ho, Hi Ho, It's off to Work We Go."

Kelly McAllister, accompanied by Gregg Bessey on guitar continued the program with several enjoyable vocal renditions after which the well-known local duo of Rudy and JoAnne Royer, on violin and piano respectively, delighted the crowd with some of the best old-time and fancy tune fiddle playing to be found in the surrounding area.

The Northern Lights Singers, under the direction of Linda Stowell, accompanied by Patti Harlow and assisted by Pam Benson brought smiles of approval and enthusiastic applause with the presentation of four numbers from their 1982 concert entitled "Heaven Bound." The current roster in addition to the singing waiters includes Carmen Bartlett, Sharon Kale and Helen Martin (sopranos); Winnie Hodson, Pearl Jordan and Linda Stowell (altos).

Tony Jordan, in a most unique costume and with assistance from sister Lisa, both surprised and amused those present with a clever innovative performance to the tune of "Short People."

Carl Brooks with assistance from Rudy and JoAnne Royer then ran his "Dancing Dolls" through some very skillful and wrythmic routines. Rudy and JoAnne Royer returned to close the program with a spirited and well received assortment of fiddle-piano tunes featuring the hand clapping "Orange Blossom Special."

The appreciative audience, which numbered nearly 200, responded to each program segment with loud and lengthy rounds of applause and judging from the complimentary remarks received, this musical supper may well become an annual event.

Ernestine Riley, overseer of the benefit affair and Stan Martin, general manager of the Northern Lights Singers, wish to thank all

Remember when driving in the rain, visibility is reduced. Headlights help someone else see you. Your stopping speed is reduced with the slick roads. If a power line is down and touching your car, stay in the car. The rubber tires insulate the car. But as soon as you touch the ground, you become the shortest distance for the electricity to get to the ground. Wait until the electric company turns off the power.

Remember if you need the ambulance, dial 1-800-482-7433.

Beginning with the President's Cup semi-final golf match — Connie Thurston emerged as the winner over Mary Johnson in a well played match. The Club championship play ended with Leo Cyr winning in the Championship Flight and Jim Lunney being the runner-up. In the Junior Club Championship Rocky Myers won over Bobby Myers.

Twilight League was rained out for the women this week so no results can be posted at this time. Winners in Men's Twilight in the 'A' Division were, Charles Keoske and Jim Morin and in the 'B' Division winners were Bobby Myers and Ed Westworth. The regular 2 p. m. Scotch-Ball was enjoyed by a large group of Club members and guests. Winners were: 1st place, (3 ties) Ray and Anne Morin, Leo and Lorraine Cyr, and David Whitman and Carol Morin.

While here they attended a cookout at the home of another sister, Carolyn Colby and family, West Greenwood, after Mary had spent the day there, and Sunday afternoon they visited Clayton Mills and Burton Mills at the site of the new home they are building in Mason. Also there were Mr. and Mrs. James Murphy (Ednor Mills) of

Hilltop, N. J., with children, Cheryl, Kathy-Jo, James (J.R.), and two-year-old twins, Nicole and Trisha, and Mrs. Ann Patten and children, LeeAnn, LaurieAnn, MaeLynn and Amy Lynn, so they had a nice visit with family, some of whom they had not seen in years or had never seen.

Mrs. Bertha Flanders accompanied Evelyn Hilborn, Northwest Bethel, to Ontario, Canada, where they visited Ellen Tuck for two weeks. While there they visited Niagara Falls, and Simcoe Lake. One afternoon they went to Guild Inn in Guildwood Parkway, Scarborough, Ont., for tea. They also went through Waterloo, Ont., an Amish-type community with its beautiful farms and old fashioned horse and huggies, and visited West Montrose Covered Bridge in Kitchener, Ont., the only covered bridge remaining in Ontario.

There was a trustees meeting, Thursday, Aug. 5, with Rev. Caldwell, to take care of church business. Repairs to be made were discussed. Projects for the future include an office in the church for the pastor and the site for the new parsonage.

There are many summer guests attending the Locke Mills Union Church and they are appreciated. Child care is being offered during the church services in the Sunday School room directly following the children's sermon. Rev. Caldwell would like it to be known that he will welcome calls and can be reached at 875-5000.

HISTORICAL SOCIETY HEARS OF MAINE CHURCHES

Maine churches were the subject of a slide lecture delivered Thursday evening, Aug. 5, in the meeting room of the Dr. Moses Mason House by Dr. Robert M. York, professor of history at the University of Southern Maine and the State Historian. Dr. York, a Willamette native, and a graduate of Bates College with graduate degrees from Clark University, is an authority on Maine churches and has published and written widely on the subject. York concentrated on the religious structures of western and southern Maine, impressing upon his audience the diversity of faiths and architectural styles.

During the business portion of the meeting a nominating committee of three people was selected which includes E. Louise Lincoln for the trustees and Arlene Greenleaf Brown and Harry Kuzk representing the general membership.

The artifact of the month was a photograph of Main Street of Wade Thurston beside a pair of steers in front of the band stand that stood where the Civil War Soldiers monument does today. This was the gift of Mary Thurston Rice of Colorado Springs, Colo., daughter of Wade Hampton Thurston.

A new exhibit was opened at the meeting, entitled "Bethel's Religious Heritage" assembled by Randall H. Bennett of the Education and Research Committee with the assistance of Catherine Newell. It provides some understanding of Bethel's 15 houses of worship, some of which are gone today.

It was announced that the annual meeting will be held on Thursday, Sept. 2, with a pot luck supper beginning at 6:30 p. m. Everyone attending is asked to bring a salad, hot dish or dessert. The officers will be elected at the business meeting scheduled to begin at 7:30. The program will feature a selection of old photographs from which slides have been made during the past year.

Three new honorary members were elected in a vote of the general membership having earlier been selected by the Board of Trustees. An Honorary member has traditionally been one of the Senior members of the Society who has made outstanding contributions for a long period of time. Honorary members pay no dues and to be so named is the highest honor within the Society. To date only three individuals have been selected: Faye Sanborn Taylor, Sidney W. Davidson and Pearl Ashby Tibbetts. Those selected are all Charter members, all former Trustees with long records of service. They are Nell W. Valentine, Floribel Haines and Elizabeth Mason Carter. Certificates will be presented to them at the annual meeting when they will be officially honored for their contributions to the Society.

A social hour and refreshments followed the program and business meeting.
